

# P11172 - Pirate Ship

## DATA SHEET

### Product information:

Product length:	10,33 m
Product width:	8,81 m
Product height:	5,51 m
Product weight:	- kg
Execution standard:	PN-EN 1176-1+A1:2024-03
Safety zone area:	89,3 m <sup>2</sup>
HIC (Free fall height):	1,98 m
Suitable for inclusive users:	NO
Customisable colours:	YES
Maximum user weight:	130 kg
Suggested user age:	≤3 years
Suggested user height:	≤ 140 cm
Estimated lead time:	4 - 6 weeks

### Material specification:

Main construction: Metal  
 HDPE Parts: (≤ 6 mm)  
 Footsteps: Nets  
 Zinc primer: YES  
 Painting: 2x layers of powder paint  
 Screws and nuts: Stainless steel  
 Montage method: -30 cm  
 Standard colours: brown, yellow, blue

### Suggested safety surface:

It is necessary to construct any below safety surface to cushion falls:

- 1) Grass
- 2) Sand – fraction 0,2 to 2 mm, minimum thickness 200 mm
- 3) Gravel – fraction 2 to 8 mm, minimum thickness 200 mm
- 4) Bark – fraction 20 to 80 mm, minimum thickness 200 mm
- 5) Wood chips – fraction 5 to 30 mm, minimum thickness 200 mm
- 6) Synthetic surfaces made in compliance with the PN-EN 1177:2031 standard

### Additional information:

Product colours can be adjusted  
 Montage method can be adjusted  
 Material of seats and footsteps can be adjusted  
 Information sticker can be adjusted
